

ARCHITECTURE & INTERIOR DESIGN

- 8 Prerequisite Foundation Level
- 12 Required Advanced Level
- 13 Electives

Prerequisite Foundation Level

These courses provide fundamental knowledge and skills in the field of interior design. For more information on the Master of Interior Architecture degree program, see page 9.

For information on enrollment, location, and space availability call (800) 825-9971. For information on course content email arc_id@uclaextension.edu, visit arcid.uclaextension.edu, or call (310) 825-9061.

For online course technical requirements see page 4.

CAD COURSE REQUIREMENTS

Prerequisite: All CAD courses assume knowledge of drafting principles and basic PC (Windows) computer skills. Advanced CAD courses assume knowledge of the application as defined in the introductory course.

Note: All computer courses are taught on a Windows platform in computer labs. Mac users may download Mac-compatible versions of AutoCAD, Photoshop, Illustrator, SketchUp/SketchUp Pro and Podium for laptop or home use, but will be responsible for learning mouse clicks, keystroke conversions, etc. independently. There are currently no Mac versions of Revit or 3ds Max Design. Mac users may work in a Windows partition using Parallels or other Windows emulation software. For more information, please call (310) 825-9061.

All CAD courses are fast-paced and complex; absence from any meeting is discouraged. The courses require at least three hours of computer work outside of class per week. Lab hours are not available; therefore, students must have access to their own hardware and software for the courses in which they enroll.

FREE SOFTWARE AND SOFTWARE LICENSES

Students may download free student versions of Revit and AutoCAD upon proof of student status through the Autodesk Education Community website. Students also may be eligible for academic rates on other software for their own home computer. Prices and restrictions are subject to change by the software developers. Software versions should reflect the version used in class; an older version may not possess the same interface or tools demonstrated in class. It is each student's responsibility to verify that his/her computer meets the software's minimum system requirements. For more information call (310) 825-9061.

Fundamentals of Interior Architecture

X 438 Art 4 units

This course is an introduction to the process of commercial and residential interior design. Lectures and projects introduce students to design theory, principles of design, design vocabulary, design psychology, methods of programming, and the history of design in Los Angeles and Southern California. Students learn about the human element in design, sustainable design, the materials used in interior design, and the process of design as practiced in professional offices. Guest lecturers include some of L.A.'s most distinguished architects and interior designers. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 501. Internet access required to retrieve course materials.* 

Reg# 266655CA

Fee: \$635

UCLA: 1102 Perloff Hall

Mon 6:30-9:30pm, Jun 20-Sep 12, 12 mtgs

(no mtg 7/4 & 9/5; 1 mtg to be arranged)

No refund after Jun 27.

Eleanor Schrader, MBA, Loyola Marymount University. Ms. Schrader also has done graduate work in fine arts and decorative arts at Sotheby's Institute, London, and graduate studies in architectural history at USC. She is a professor at Santa Monica College, where she teaches art history and architectural history. Ms. Schrader conducts architectural tours in Los Angeles, has worked for a fine arts auction house, has served as a design review commissioner for the City of Beverly Hills, was named to *Who's Who Among American Teachers*, and was a recipient of the UCLA Extension Department of the Arts Instructor of the Year Award, 2002, and the UCLA Extension Distinguished Instructor Award, 2008.

Design Communication I

X 467.17A Art 6 units

This beginning course focuses on basic freehand drawing and drafting. All the components essential to good drawing are presented and discussed. Working almost exclusively in black-and-white, students embark on a series of exercises that introduce important visual concepts—composition and design, contour and line, proportion and scale, plan and section, form and space, tone and shadows—plus the ability to create drawings that are rich in both information and psychological content. This class is based on the USA standard measurements of feet and inches and not the international metric system. Media covered include a variety of sketching and drafting tools. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 511. Visitors not permitted. Internet access required to retrieve course materials.* 

Reg# 266657CA

Fee: \$799

Westwood: 304 1010 Westwood Center

Tue 7-10pm, Jun 21-Sep 6, 12 mtgs

No refund after Jun 28.

Lawrence Drasin, BS, industrial designer who specializes in special effects interiors for restaurants, micro-breweries, and exhibitions; former manager of the product promotions department, Lockheed Aeronautical System Corporation; recipient of the UCLA Extension Department of the Arts Instructor of the Year Award, 2002 and 2009, and UCLA Extension Distinguished Instructor Award, 2010.

Reg# 266656CA

Fee: \$799

Westwood: 406 1010 Westwood Center

Wed 6:30-9:30pm, Jun 22-Sep 7, 12 mtgs

No refund after Jun 29.

Shepard E. Vineburg, ASID, graduate, New York School of Interior Design. Mr. Vineburg has taught architectural drafting, basic design, and design elements since 1982 and is also an architectural interior designer with his own practice, Shepard Vineburg Design. He also designs a line of custom furniture, some of which can be seen in the lobby of The Four Seasons Hotel in New York. Since 2011, Mr. Vineburg has been Faculty Advisor to the ASID UCLA Extension Student Chapter. He has since received the ASID National Faculty Advisor of the Year Award for 2014. Recipient, 2005 Outstanding UCLA Extension Department of the Arts Instructor of the Year.

Elements of Design I

X 454A Art 4 units

An introduction to design fundamentals, including exercises in figure-ground relationships, color interaction, line, texture, shape, scale, balance, rhythm, emphasis, and organization of elements in the 2D plane, this course develops perceptual skills, sensitivity, creative awareness, and the technical ability necessary to handle a variety of design media. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 521. Internet access required to retrieve course materials.*

Reg# 266658CA

Fee: \$799

Westwood: 313 1010 Westwood Center

☀ Thu 2:30-5:30pm, Jun 23-Sep 8, 12 mtgs

No refund after Jun 30.

Shepard E. Vineburg, for credits see page 8.

Fee: \$799

Westwood: 313 1010 Westwood Center

Thu 6:30-9:30pm, Jun 23-Sep 8, 12 mtgs

No refund after Jun 30.

Shepard E. Vineburg, for credits see page 8.

Color Theory and Application

X 452 Art 4 units

This course covers the study of the perception of color, its permutations and its dimensions, using traditional as well as contemporary methods, emphasizing individual experimentation through lab exercises and demonstrations. Topics include the color wheel, Munsell and Albers theories, perception, symbolism, and psychology, pattern-painting techniques, and the applications of color theories to art, architecture, and interior design. Student projects and lectures combine intense exploration of theories with hands-on experience in a variety of media. *Prerequisite:* X 454A Elements of Design I, or consent of program advisor. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 530. Internet access required to retrieve course materials.* 

Reg# 266660CA

Fee: \$799

Westwood: 313 1010 Westwood Center

Mon 6:30-10pm, Jun 20-Aug 29, 10 mtgs

(no mtg 7/4)

No refund after Jun 27.

Tiffany Sands, BA, Fine Arts, Cal Poly Pomona; department chair and instructor of Secondary Art Education. Ms. Sands teaches AP, honors, and standard art in the public sector in the visual arts. She currently works on her own art and is active in the art community.

Design Communication II

X 466E Art 6 units

This course further introduces the student to the use of line drawings as a medium for communicating design concepts. Beginning with the connections of architectural plan, section, and elevation, the course proceeds to explore the full range of constructed line drawings, including axonometric, one-point perspective, and model-making. This course uses U.S. standard basic units of length (inch, foot, yard, etc.), not the international metric system. Two conceptual design projects help develop skills in communicating design ideas. *Prerequisite:* X 467.17A Design Communication I. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 512.*

Reg# 266661CA

Fee: \$799

Westwood: 314 1010 Westwood Center

Wed 6:30-9:30pm, Jun 22-Sep 7, 12 mtgs

No refund after Jun 29.

David Alvarez, BA in Architecture, Pratt Institute; Designer/Principal, Studio Alvarez. Mr. Alvarez specializes in high-end residential architecture and offering services in design, interiors, and construction administration.

Elements of Design II

X 454B Art 4 units

A continuation of lectures, demonstrations, and exercises dealing with the understanding of design fundamentals, this course examines abstract structuring in 2D and 3D design, use of construction materials, and fundamentals of modular systems and their modifications and variations. *Prerequisite:* X 454A Elements of Design I. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 522. Internet access required to retrieve course materials.* 

Reg# 266662CA

Fee: \$799

Westwood: 307 1010 Westwood Center

Thu 7-10pm, Jun 23-Sep 8, 12 mtgs

No refund after Jun 30.

Alvalyn Lundgren, founder, Alvalyn Creative, an award-winning independent design and illustration practice providing graphic and web design, branding, and illustration to businesses and organizations. Ms. Lundgren is a graduate of Art Center College of Design in Pasadena, CA, and is also a writer, speaker, and mentor to creative freelancers.

Digital Presentation I: Photoshop/Illustrator

X 468.20 Architecture 4 units

This comprehensive, hands-on course is designed to introduce designers to digital design tools. The course begins with an overview of architectural and interior design concepts; students will also review client presentations and see how they were created. Students learn why the use of these professional tools is essential to the creative process of design and presentation production, and are introduced to using the computer for drawing, illustration, and layout. Fundamentals of layout, typographic design, scanning, and image-enhancement software are covered, and students present projects in class. Software applications covered include Adobe Photoshop and Illustrator. *Prerequisite:* Working knowledge of Windows or Mac operating system. *Software requirements:* The most recent versions of Illustrator and Photoshop. *This course is equivalent to Cal Poly Pomona INA 550. Attendance at the first class is mandatory. Visitors only permitted at the first class if space allows. Internet access required to retrieve course materials.* 

Reg# 265927CA

Fee: \$925

Westwood: 213 UCLA Extension Bldg.

Tue 7-10pm, Jun 21-Sep 6, 12 mtgs

No refund after Jun 28.

Sheldon Nemoj, alumnus of the office of Charles Eames and honorary member of the Eames Foundation. Mr. Nemoj has worked extensively for major domestic and international clients, and is also an author and seminar speaker.

Free Open House!

The Architecture & Interior Design Program

Thu, Nov 17, 7–8:30pm, 204 Extension Lindbrook Center

The Architecture and Interior Design Program offers high-quality courses to help you reach your professional and personal goals.

To find out more, attend our informative Open House to learn about the curriculum, career opportunities, and the benefits of enrollment. Speakers include the program director, program advisor, instructors, and current and former students.

Highlights include:

- Master's Degree in Interior Architecture
- Curriculum presentation
- Careers in the field
- Question-and-answer session
- Drawing for a free course

To RSVP call (310) 206-2879 or visit arcid.uclaextension.edu/openhouse.

New Student Discount

Each new certificate student attending the Open House receives a \$50 discount on each certificate course enrolled in by Nov 28.

This discount is only for students entering the program for the first time.

Counseling Appointments

To make an appointment with the Program Advisor, visit arcid.uclaextension.edu/appointment-request-form.

Digital Presentation I: Photoshop/Illustrator

X 468.20 Architecture 4 units

Prerequisite: Working knowledge of Windows or Mac operating system. *Software requirements:* The most recent versions of Illustrator and Photoshop. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 550. For more information see page 8.*

Reg# 265928CA

Fee: \$935

Jun 21-Sep 6

No refund after Jun 27.

Sheldon Nemoj, for credits see page 8.

Reg# 265929CA

Fee: \$935

Jun 21-Sep 6

No refund after Jun 27.

Patricia Chin, MA, BFA, New York Institute of Technology; freelance creative director specializing in advertising and branding design. Clients include Disney, Showtime and various ad agencies in New York and Los Angeles. Former Associate Creative Director of the new artists division at EMI Music Group. She is also an adjunct professor at Glendale Community College, where she teaches graphic design.

Design Communication III

X 466F Art 6 units

This course help students translate 2D floor plans into 3D space. Exercises, including the creation of quick-sketch vignettes, expand the student's ability to visualize design concepts and communicate them rapidly and vividly. *Prerequisite:* X 466E Design Communication II. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 513. Internet access required to retrieve course materials.*

Reg# 266663CA

Fee: \$799

Westwood: 304 1010 Westwood Center

Wed 7-10pm, Jun 22-Sep 7, 12 mtgs

No refund after Jun 29.

Alex Dorfman, for credits see page 12.

Digital Presentation II: 2D CAD/AutoCAD

X 468.5A Architecture 4 units

This course covers the basic AutoCAD commands used for the creation and editing of 2D CAD drawing, as well as drawing setup, layer control, dimensioning, symbol libraries, display commands, external references, attributes, paperspace/modelspace, and methods for importing and exporting files between SketchUp and AutoCAD. Students prepare a basic set of construction documents that include floor plans, elevations, sections, and details. *Prerequisite:* X 468.20 Digital Presentation I: Photoshop/Illustrator. *Software requirement:* The most recent version of AutoCAD. A student version of the Autodesk software will be provided for free upon proof of student status. Review CAD course requirements. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 551. Attendance at the first class is mandatory. Visitors only permitted at the first class if space allows. Internet access required to retrieve course materials.*

Reg# 265930CA

Fee: \$925

Westwood: 211 UCLA Extension Bldg.

☼ Thu 3-6:30pm, Jun 23-Sep 8, 10 mtgs
(no mtg 8/4 & 8/11)

No refund after Jun 30.

Luis de Moraes, AIA-CCIDC, licensed architect and interior designer; Principal/Founder, EnviroTechno Architecture, a general practice architecture and interior design firm in Los Angeles. A graduate of the UCLA Extension Interior and Environmental Design program, Mr. de Moraes has more than 25 years of experience designing a variety of commercial, hospitality, and residential projects for such clients as Donald Trump, Kilroy Realty, Qantas Airlines, American Golf, Urth Cafe, and Mandalay Bay Hotel and Casino. He received the UCLA Extension Arts Department Instructor of the Year Award, 2011.

Presented in Academic Partnership with Cal State Polytechnic University, Pomona

Master of Interior Architecture Degree

Rockefeller Partners Architects. Alana Homesley Interior Design. Photo by Eric Staudenmaier.

The UCLA Extension/California State Polytechnic University, Pomona Collaborative Degree Program in Interior Architecture offers a curriculum leading to a Master of Interior Architecture (MIA) degree from Cal Poly Pomona that is fully accredited by the Council for Interior Design Accreditation (CIDA).

The program has 2 levels:

PREREQUISITE FOUNDATION LEVEL

The 1st level has 18 courses that provide fundamental knowledge and skills in the field of interior design. Students who successfully complete this level earn a Certificate in Interior Design: Foundation Level.

REQUIRED ADVANCED LEVEL

The 2nd level has 63 quarter units in a range of advanced topics in interior architecture. Students who successfully complete this level earn a Master of Interior Architecture degree conferred by Cal Poly Pomona.

To apply for the Required Advanced Level, students must have completed a bachelor's degree in any field, have successfully completed all Prerequisite Foundation Level courses with a grade of "B" or better, and be evaluated for advanced standing by the program advisor; for application details and deadline, see page 10.

For More Information

arc_id@uclaextension.edu | (310) 825-9061

For complete program, admissions, and curriculum information visit arcid.uclaextension.edu/MIAprogram.

Key Program Facts

- The courses are taught at UCLA Extension's Westwood facilities. The program is managed by the Dept. of Architecture and the Cal Poly Pomona College of Extended University in partnership with UCLA Extension.
- Current students who complete the Prerequisite Foundation Level Courses with a GPA of "B" or better and have completed a bachelor's degree are eligible to apply for the MIA program.
- Current students without a bachelor's degree or who elect not to pursue the MIA, have the option of completing Prerequisite Foundation Level courses to earn a Certificate in Interior Design: Foundation Level, and may take the NCIDQ exam after a higher amount of required work experience.

Master of Interior Architecture

Quarterly Curriculum Sequence

Shane L. Bartley, BA, UCLA; Manager, IT Training, Disney Imagineering, where he oversees national training and development in 33 software curricula.

Revit Architecture I

X 468.13A Architecture 4 units
 Through lecture and demonstration, this hands-on workshop introduces the basic concepts and tools of Revit, a building information modeling program for architects and interior designers. Students are introduced to Revit's powerful 3D model organization to visualize, present, and create construction documents. Students will learn how this unique software enables design professionals to save time and reduce errors since design changes are automatically coordinated throughout the entire model and drawing set. *Prerequisite:* X 468.20 Digital Presentation I: Photoshop/Illustrator. *Software requirement:* The most recent version of Revit Architecture. A student version of the AutoDesk software will be provided for free upon proof of student status. Review CAD course requirements. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 552. Attendance at the first class is mandatory. Visitors only permitted at the first class if space allows. Internet access required to retrieve course materials.*

Reg# 265934CA**Fee: \$925**

Westwood: 211 UCLA Extension Bldg.

☼ Sat 9am-12:30pm, Jun 25-Sep 10, 10 mtgs
 (no mtg 7/2 & 9/3)

No refund after Jul 1.

Ben Mansouri, IDP, NCARB, pending AIA, MS in Manufacturing Engineering, Murray State University; Autodesk-certified BIM instructor with more than 20 years of architectural and structural experience. Mr. Mansouri received the UCLA Extension Arts Department Instructor of the Year Award, 2012.

Surface Materials

X 427.7 Art 4 units
 An introduction to surface materials for interior designers, this course covers the selection and use of textiles, wall coverings, hard and soft surfaces, floor coverings, rugs, ceramic and vinyl tile, woods, and plastics. Instruction includes illustrated lectures, demonstrations, guest speakers, field trips, and research assignments. *Prerequisite:* All courses through the third quarter in the Interior Design Certificate (see curriculum sequence). *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 541. Includes daytime field trips; locations and times to be announced in class. Internet access required to retrieve course materials.* 

Reg# 266818CA**Fee: \$789**

Westwood: 306 1010 Westwood Center

Tue 7-10pm, Jun 21-Sep 6, 12 mtgs

No refund after Jun 28.

Klara Kanai, BA, Woodbury University; MA, Cal State L.A.; interior designer specializing in residential and commercial design; Principal, Kanai & Associates, which offers a broad range of interior design services.

**History of Environmental Arts:
Part II** 

X 427.8B Art 4 units
 Part two of a four-part survey course on the environmental arts of the Western world. This course traces the architecture, landscape architecture, furniture, art, and decorative arts from the Italian Renaissance to the beginning of the 19th century in France, England, and America. Periods covered include the Renaissance, Mannerist, Baroque, Rococo, and Neoclassic. Instruction focuses on the man-built environment influenced

by geographical location and the social, religious, economic, and political forces of history. Major monuments are discussed in terms of function, symbolism, methods of fabrication, style, use of color, ornament, and significance. Illustrated lectures, readings, and student projects develop an appreciation of the rich cultural heritage of the Western world. Students learn how to utilize library and museum resources and recognize and evaluate significant environmental design movements. Intended to establish an understanding of the achievements of the past in order to more fully understand the present. *For technical requirements see page 4. Enrollment limited. This course is equivalent to Cal Poly Pomona INA 562.*

Reg# 266681CA**Fee: \$799**

Jun 22-Sep 7

Keri Sussman-Shurtliff, MA, Dominican University of California

**Digital Presentation III:
3D CAD (Using SketchUp, SU Podium,
and AutoCAD)** 

X 468.5B Architecture 4 units
 This continuation of X 468.10 Digital Presentation II: 2D CAD/AutoCAD covers the basic commands necessary to construct and view in 3D. Using SketchUp software, students draw a floor plan while simultaneously creating a complete 3D virtual building. Instruction covers the accurate drawing of walls, doors, windows, details, and other 3D objects. Additionally, the course covers numerous basic menu commands and other features, such as modifying, editing, offsetting, layers, line types, color, solid modeling, perspectives, rasterizing, layouts, printing, plotting, and methods for importing and exporting files between SketchUp and AutoCAD. *For technical requirements see page 4. Prerequisite:* X 468.10 Digital Presentation II: 2DCAD/AutoCAD. *Software requirement:* The most recent version of AutoCAD. A student version of the AutoDesk software will be provided for free upon proof of student status. Review CAD course requirements. *This course is equivalent to Cal Poly Pomona INA 554.*

Reg# 265932CA**Fee: \$935**

Jun 21-Sep 6

No refund after Jun 27.

Mark Richard Owen, BArch, Woodbury University; MArch, UCLA; professor of architecture, Woodbury University; director of technology, associate, Johnson Fain, an Architecture, Interiors, Urban Design + Planning firm in Los Angeles.

Revit Architecture II

X 438.13B Architecture 4 units
 This continuation of X 438.13A Revit Architecture I covers advanced editing commands, introduction to families, sharing information, viewing tools, visualization, annotation, and construction documents. Students prepare worksheets, room schedules, walkthroughs, and solar studies, and utilize other advanced drawing features. *Prerequisite:* X 438.13A Revit Architecture I, or consent of instructor. *Software requirement:* The most recent version of Revit Architecture. A student version of the AutoDesk software will be provided for free upon proof of student status. Review CAD course requirements. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 555. Visitors only permitted at the first class if space allows. Internet access required to retrieve course materials.*

Reg# 265935CA**Fee: \$925**

Ben Mansouri, for credits see page 11. Online course Text required Course held during daytime hours

Apply to the MIA Program

Step-by-Step Instructions

Required Educational Background

Admission to the Master of Interior Architecture degree program requires a baccalaureate degree with a minimum 3.0 undergraduate GPA and completion of the 82 prerequisite units or equivalent. Applicants who do not meet these criteria may be admitted on a conditional basis if evidence of compensating qualifications is furnished. Applicants with an undergraduate degree in interior design, architecture, or similar design-related field may be evaluated for advanced standing by the program advisor; visit arcid.uclaextension.edu/appointment-request-form to request an appointment.

Required Application Materials

1. Completed application form.
2. Official transcripts from all undergraduate university coursework.
3. For those whose native language is not English, minimum TOEFL score of 550 (paper-based), 213 (computer-based), or 80 (Internet).
4. \$55 admissions application fee (check or money order payable to CSU Pomona).
5. Statement of purpose explaining your interests, motivations, and goals in pursuing a professional degree submitted on a separate sheet (not included in the application).

Mail items 1-4 to:
 Office of Admissions & Outreach
 California State Polytechnic
 University, Pomona
 3801 W. Temple Ave.
 Pomona, CA 91768

6. Three letters of recommendation from individuals in a position to assess your potential for either the interior design profession or a master's level academic program.
7. Portfolio of visual work illustrating your creative or analytical abilities in written, graphic, or mathematical form. The portfolio should be no larger than 9"x12" bound; do not include original material.

- Mail copies of items 1-4 plus items 5-7 to:
 UCLA Extension
 MIA Degree Program
 10995 Le Conte Ave., Suite 414
 Los Angeles, CA 90024-1333

For complete program, admissions, and curriculum information visit arcid.uclaextension.edu/MIAprogram.

Revit Architecture II 

X 438.13B Architecture 4 units
Prerequisite: X 438.13A Revit Architecture I, or consent of instructor. *Software requirement:* The most recent version of Revit Architecture. A student version of the AutoDesk software will be provided for free upon proof of student status. Review CAD course requirements. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 555. Visitors only permitted at the first class if space allows. For more information see page 11.*

Mark Richard Owen, for credits see page 11.**Interior Architecture Studio I**

X 433 Art 6 units
 In this first in a series of studio courses, students are given the opportunity to apply fundamental design principles to the layout of interior spaces. Starting with the development of a design concept, students learn how to develop a space while incorporating the elements of ergonomics and human factors. Students also explore methods of analyzing a client's program, beginning with the bubble diagram, the block plan, and the adjacency requirements. Through a series of assignments, students

become familiar with current ADA codes and clearance requirements as well as the required circulation and exit paths for a variety of building types. *Prerequisite:* All Level 1 courses in the Certificate in Interior Design (see curriculum sequence) or consent of program advisor. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 505. Restricted course; call Arc_ID Counseling Office at (310) 794-3747 for permission to enroll. Web enrollments automatically generate a "Permission to Enroll" request.*

Lighting Design

X 467.15 Art 4 units

This course covers basic lighting topics, including light and texture, light and color, focal lighting, light sources, fixture schedules, switching patterns, and the required drawings used by designers in both residential and commercial spaces. Instruction includes lectures, research, and student projects. *Prerequisite:* All courses in the Interior Design Certificate through the 4th quarter (see curriculum sequence) or consent of program advisor. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 535. Internet access required to retrieve course materials.*

Nicholas Albert, BS, Interior Design, Art Institute of Los Angeles; Director of the design firm Illuminate Lighting Design, which specializes in architectural lighting design for hospitality, high-end residential, commercial, and casino projects. Throughout his extensive career, Mr. Albert has designed lighting systems in the US, Middle East, and Asia, collaborating with top interior designers, architects, developers, and municipalities.

Interior Architecture Studio II

X 430A Art 6 units

This studio course introduces students to the process of linking rooms and spaces by architectural promenades. The defining of public vs. private space is examined as a principle means of spatial organization. A realistic residential situation is considered as students design a small single-family residence with full code compliance and learn to create environments that relate the atmospheric qualities of individual rooms to an overall concept of movement through space. *Prerequisite:* X 433 Interior Architecture Studio I or consent of program advisor. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 506. Internet access required to retrieve course materials.*

A Survey of the Decorative Arts

X 443.16 Art 4 units

The fundamentals of understanding and appreciating the decorative arts are explored in this intensive course, which provides a basic historical understanding of forms and social forces, as well as an enhanced awareness of styles. Topics include traditional techniques and innovations utilized by artisans on a range of media (wood, silver, ceramics, etc.). Basic connoisseurship is touched upon to encourage a more discerning eye and greater enjoyment of the objects with which we live. This course covers decorative arts from ancient Egypt to the Industrial Revolution. *Prerequisite:* X 427.8A and X 427.8B History of Environmental Arts: Parts I and II. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 661. This is a required course in the Master of Interior Architecture degree program. Internet access required to retrieve course materials.*

Fee: \$2,000

Westwood: 208 Extension Lindbrook Center
Tue 6:30-9:30pm, Jun 21-Sep 6, 12 mtgs
No refund after Jun 28.

Gray Adams, interior designer, who has had his own practice, Gray Adams Interiors, since 1976. Mr. Adams has taught architectural history, decorative arts, and art history at various colleges in the Los Angeles area since 1979. He received the UCLA Extension Outstanding Instructor Award in 2010 and the Fashion Institute of Design & Merchandising Outstanding Faculty Award in 2002 and 2010.

Interior Architecture Studio IV

X 471.19 Art 6 units

This studio course develops the student's ability to solve complex design problems. The course studies issues of client analysis, programming, space planning, design and selection of interior components, and lighting in a logical sequence building on concepts presented in previous studios. Instruction emphasizes the 3D possibilities of multilevel projects through the design of stairs, elevators, and mezzanines. The course includes lectures, demonstrations, and critiques of works-in-progress. *Prerequisite:* X 430C Interior Architecture Studio III, or consent of program advisor. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 602. Restricted course; once admitted by Cal Poly Pomona, students receive a login and password and register through Cal Poly Pomona's BroncoDirect system. This is a required course in the Master of Interior Architecture degree program.*

Reg# 266697CA

Fee: \$3,000

Westwood: 307 1010 Westwood Center
Mon 7-10pm, Jun 20-Aug 29, 11 mtgs

Shuji Kurokawa, MArch, UCLA; BE in Architecture, Tokyo Institute of Technology. Mr. Kurokawa is a California-licensed architect and principal of I.M.P.A.C.T. Architecture, which offers design and consulting services internationally. During his years of practice in Tokyo and Los Angeles prior to opening I.M.P.A.C.T., Mr. Kurokawa worked for K. Mori, Studio Urban House, Arthur Erickson, and Charles Moore.

Research and Programming Methodologies

X 497 Design Media Arts 4 units

Formerly Master's Project Research and Programming. This is the first in a three-course sequence that presents a comprehensive exploration of an architectural problem. The series is intended to demonstrate the student's mastery of the skills and thought process at the core of the practice of interior architecture, as well as his/her ability to undertake an intensive and sustained project independent of normal course/studio instruction and guidance. *Prerequisite:* X 427.20 Understanding Building Codes, X 430C Interior Architecture Studio III, and X 467.27B Interior Detailing and Building Systems. *Follow-on courses:* X 498.1 Master's Project Interior Architecture Studio and X 498 Master's Project Interior Architecture Documents. *This course is equivalent to Cal Poly Pomona INA 599. This is a required course in the Master of Interior Architecture degree program.*

Michael Hricak, FAIA; BS in architecture, USC; MArch, Harvard Graduate School of Design; Principal, Michael Hricak Architects; recipient, UCLA Extension Distinguished Instructor Award, 2006. Mr. Hricak's award-winning architectural and interior design work has appeared in such publications as *Interior Design* and *Interiors*. He has more than 25 years' experience in historic restoration, corporate, retail, and residential design.

Interior Detailing and Building Systems

X 467.27B Art 6 units

The architecture of a structure and its building systems must be considered in the interior design process in order to meet functional and aesthetic criteria. This course deals with the basic construction and materials of both commercial and residential buildings, and the process through which a building passes from concept to move-in. This includes components, connections, the mechanical systems necessary for heating, air-conditioning, electrical wiring, and plumbing, and the drawings required for professional interior design practice. On-site visits to construction sites supplement studio lectures, demonstrations, and projects. *Prerequisite:* All courses through the 5th Quarter in the Interior Design Certificate (see curriculum sequence). *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 622. This is a required course in the Master of Interior Architecture degree program. Internet access required to retrieve course materials.*

Reg# 266698CA

Luis de Moraes, for credits see page 9.

Master's Project Interior Architecture Studio

X 498.1 Art 8 units

This advanced studio is the first of two final courses in the Interior Architecture Studio sequence. Instruction focuses on independent research and the development of an individual project description and building program. A design project is developed that incorporates and explores the issues set forth in the student's thesis. Instruction follows the traditional studio format, emphasizing individual results based on the student's program. A complete design presentation is required, incorporating all the skills and methods the student has developed throughout the previous design studios. *Prerequisite:* X 498 Interior Architecture Studio IV and X 497 Research and Programming Methodologies. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 691. Restricted course; once admitted by Cal Poly, students receive a login and password and register through Cal Poly Pomona's BroncoDirect system. Visitors not permitted. This is a required course in the Master of Interior Architecture degree program.*

Wed 5-10pm, Jun 22-Aug 31, 11 mtgs

James Ehrenclo, MArch, Rhode Island School of Design; Principal, Ehrenclo Architects, a small firm specializing in high-end commercial/residential architecture and interiors; past projects include the design and development of a large resort on the Island of Anguilla in the the Caribbean as well as many custom homes and renovations in the U.S. Caribbean; former experience includes design/management positions at Daniel, Mann, Johnson and Mendenhall and Cannell & Chaffin Interiors, roles for the AIA/LA, and board member of the AIACC Design Committee, state chapter.

Business Strategies

X 497.4 Art 4 units

This introduction to the business procedures encountered in the practice of interior design (both residential and commercial) covers such topics as strategies for marketing and selling design services; ethics; business management in the design office; programming cost and fee structures; client agreements; client job files; and understanding overhead costs for a profitable business. *Prerequisite:* X 430A Interior Architecture Studio II, or consent of program advisor. *This course is equivalent to Cal Poly Pomona INA 671. This is a required course in the Master of Interior Architecture degree program. Internet access required to retrieve course materials.* 

Reg# 266704CA**Fee: \$2,000**Westwood: 218 1010 Westwood Center
Tue 7-10pm, Jun 21-Sep 6, 12 mtgs

Joanne Kravetz, IIDA, IDEC, CID #6711; BFA, UCLA. As a practicing commercial and residential interior designer, and Principal of J. Kravetz Planning & Design, Ms. Kravetz has completed over one million square feet of commercial facilities and corporate headquarters spaces. She was the academic department director for Interior Design for 10 years at The Art Institute of California-Los Angeles, and most recently was appointed to the Leadership Corps of former Vice President Al Gore's Climate Reality Project, which focuses on issues of sustainability, the science of climate change, and the effects on the built environment.

Master's Project Interior Architecture Documents

X 498 Art 8 units

In this final studio course, students develop the project they created in Thesis Project Design into a set of construction documents with specifications and to explore a range of drawings required to obtain complete and accurate cost estimates. The course emphasizes how designs are detailed and described, and examines methods of integrating architectural and interior design, as well as mechanical and electrical elements and systems. Each project is brought to a level of completion to enable students to demonstrate their ability to be an effective entry-level member of any design firm's project team. *Prerequisite:* X 497 Research and Programming Methodologies and X 498.1 Master's Project Interior Architecture Studio. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 695. Restricted course; once admitted by Cal Poly Pomona, students receive a login and password and register through Cal Poly Pomona's BroncoDirect system. Visitors not permitted. This is a required course in the Master of Interior Architecture degree program.*

Reg# 266703CA**Fee: \$4,000**Westwood: 310 1010 Westwood Center

Internship◇ **Professional Interior Architecture Internship**

X 473 Art 2 units

An opportunity for qualified interior architecture students to gain hands-on experience in professional settings for a minimum of 136 hours. Students have a chance to apply knowledge and skills from their courses as they become familiar with the day-to-day operations of a design firm. Open to qualified MIA students, as well as certificate candidate students who have completed at least 50% of the prerequisite program, or by approval of the Program Advisor. A completed internship application must be submitted to the program office no later than five business days after the start of the internship. For international students, special rules apply. International students should consult with the appropriate international student office prior to setting up an internship. *Restricted course; call Arc_ID Counseling Office at (310) 794-3747 for permission to enroll. Web enrollments automatically generate a "Permission to Enroll" request. Visitors not permitted. Visit arcid.uclaextension.edu/careers for more information.*

Reg# 266706CA**Fee: \$1,000**

Suzanne Sheppard, BA in Education, UCLA; Architecture and Interior Design Program Advisor; certified interior designer.

Professional Development**Advanced Portfolio and Presentation Techniques**

X 498.10 Art 4 units

Held in a regular classroom with student-provided laptops.

This course demonstrates the proper verbal and graphic skills needed to create the ideal portfolio and design presentation. The foundational software skills acquired in the Digital Presentation classes are enhanced by incorporating new digital design tools and printed/digital presentation techniques. Verbal presentation techniques and employer/client expectations are also covered. This is a perfect course for those who are looking for internship opportunities or transitioning to the design industry as working professionals from school. *Prerequisite:* X 403A Interior Architecture Studio II *Enrollment limited. Internet access required to retrieve course materials.*

Reg# 265942CA**Fee: \$615**Westwood: 218 1010 Westwood Center

Ziya Cetik, BA Interior Architecture, Istanbul Technical University; MIA, UCLA Extension/Cal Poly Pomona; LEED AP. During his education at UCLA Extension/Cal Poly Pomona, Mr. Cetik continued working as a freelance designer and attended various design-related seminars as a keynote lecturer, including "Pacific Design Center West Week 2011." He is currently working with HOK's Los Angeles Studio as a Senior Designer.

Interior Architecture Internship

Want to get hands-on experience working in the design field? An internship is a great way to get practical experience, hone your professional skills and expand your resume.

Additional benefits include:

- Exclusive online access to view all available internship opportunities
- Familiarity with the knowledge and skill sets firms are seeking
- Networking opportunities with designers in a professional setting

- The possibility of being hired into a full- or part-time position
 - Interviewing skills and first-hand observation of different types of firms
- Earn 2 units of academic credit toward the MIA Program

Page 13.

New Course

Advanced Portfolio and Presentation Techniques

Want to step up your portfolio and presentation skills? The Arc & ID program now offers a 12-week class for students who have completed the Interior Design Certificate program and are ready to start the Master's

New Course

Advanced SketchUp (Online)

Now that you have basic SketchUp design skills under your belt, take it to the next level with the Advanced SketchUp class!

This 6-week online course is ideal for the designer looking to maximize his or her 3D modeling abilities.

Learn new tools and functions, including creating custom materials and furniture components, importing scenes from Google Earth to give a realistic feel to your design, and recording interactive tours through or around your model.

Page 14.

Interior Design Law (Online)

I: The Designer-Client Relationship

II: Intellectual Property, Trade Secrets, Unfair Competition, Employment, and Special Topics

Artist, engineer, entrepreneur, diplomat, therapist—these are some of the many hats that interior designers are required to wear in their practice. The diversity of roles also multiplies the number of potential legal perils that interior designers face.

The goal of the course is to help students develop an instinct for the legal issues that impact the interior designer's practice that might not be evident to the non-lawyer.

Interior Design Law II introduces students to fundamental principles regarding the different forms of

business entities and contracts with employees and independent contractors. **Each class can be taken independently and in any order.**

Taught by **Henry Lien**, JD and private art dealer.

Page 14.

Check Out Our New Courses for Summer

Looking for an educational adventure that offers a fresh, up-to-the-minute perspective? Then explore UCLA Extension's new summer courses.

Whatever your personal or professional goals, choose from a wide array of new courses in a variety of subject areas and formats.

For a complete list of this quarter's new courses see page 1.

SketchUp

X 468.6A Architecture 2 units
This comprehensive hands-on workshop covers the basic 2D and 3D commands necessary to construct 3D objects and interiors using the award-winning SketchUp software. Developed for the conceptual stages of design, this "pencil of digital design" is powerful yet easy to learn. Students use an existing floor plan to design a project that incorporates 3D interiors and various types of renderings. Students learn advanced commands, such as modifying, editing, and offsetting 3D objects. Additional topics are the fundamentals of creating textures, defining materials, using architectural dimensioning, using perspective and isometric views, creating sections, and editing text. *For technical requirements see page 4. Software requirement: The most recent version of SketchUp.*

Reg# 265936CA

Fee: \$625

Jun 22-Jul 27

No refund after Jun 28.

Ryan Garton, MIA in Interior Architecture, Cal Poly Pomona; Interior Design Certificate, UCLA Extension; BA in Fine Arts and Animation, Loyola Marymount University, Los Angeles; designer on corporate and entertainment projects with Shlemmer Algaze Associates (SAA); member, IIDA Calibre Award-winning design team for WORK/Large Office for Nigro, Karlin

Segal & Feldstein. Mr. Garton has collaborated with Sony Pictures Entertainment, Mercedes-Benz of Beverly Hills, PricewaterhouseCoopers, Jet Aviation, and Lightstorm Entertainment.

Advanced SketchUp

X 468.6B Architecture 2 units

This advanced course pushes your basic SketchUp skills to the next level. You develop two types of models of your own choosing, based on existing interior and exterior spaces. This course is designed to provide the necessary skills to thoroughly develop a model for presentation and construction purposes. Such advanced topics as custom material creation, importing locations from Google Earth, creating custom furniture and fixture components, styles and walk-throughs, and organizing a heavier model using scenes and layers are covered in this course. SketchUp Layout, a fantastic tool for translating a model into working drawings will also be introduced. This course is ideal for the designer looking to maximize his or her skills with this powerful design communication software. *For technical requirements see page 4. Prerequisite: X 468.6A SketchUp or equivalent experience; a basic knowledge of SketchUp. Enrollment limited. Software requirement: The most recent version of SketchUp.*

Interior Design Law I: The Designer-Client Relationship

X 497.10 Art 2 units

This course serves as an introduction to some of the legal issues that impact interior designers. Introduces students to fundamental legal principles regarding the selection of the form of business entity for an interior design firm, contractual law, fraud and other torts, designer-client agreements for residential and commercial projects, and other common agreements between designers and clients. *For technical information see page 4.*

Reg# 265938CA

Fee: \$439

Jun 22-Jul 27

No refund after Jun 28.

Henry Lien, JD, UCLA School of Law, BA, Brown University. Mr. Lien practiced as a business attorney for 10 years and was involved in cases pertaining to architecture, interior design, and construction. He served eight years as the owner and director of the Glass Garage Gallery in West Hollywood and currently works as a private art dealer, with interior designers comprising a significant portion of his clientele. Mr. Lien has also served as the President of the West Hollywood Fine Art Gallery Association and as a board member of the West Hollywood Avenues of Art and Design.

Interior Design Law II: Intellectual Property, Trade Secrets, Unfair Competition, Employment, and Special Topics

X 497.11 Art 2 units

This class introduces students to fundamental principles regarding the different forms of business entities; contracts with employees and independent contractors, including issues regarding client lists, intellectual property, copyright issues, trademarks and other protections of designs; licensing to merchandise designs; and insurance agreements. While the course is not intended as legal advice or to substitute for actual representation by counsel, it does seek to teach students techniques to minimize the risk of disputes and to prevent or resolve them before they become legal problems. *For technical requirements see page 4.*

Home Decorating & Design

Residential Remodeling

X 406.6 Architecture 3.25 units

This introductory course explores current information on the challenges and pitfalls of residential remodeling. Remodeling is presented as a series of steps covering potential resale value; remodeling cost and financing; architectural planning and design; household safety considerations; geologic, site, and structural engineering; resistance to earthquake damage; home mechanical systems (electrical, plumbing, heating, and cooling); building department procedures and limitations; and residential construction. Illustrated lectures and a field trip are conducted by design professionals and craftspeople who specialize in remodeling. Participants also review the redistribution of existing space and the quest for new space to satisfy ever-changing modern lifestyle needs. Kitchens, family rooms, baths, and master suites receive special attention. *Enrollment limited. This course is equivalent to Cal Poly Pomona INA 538. Internet access required to retrieve course materials.*
